

Internship Agreement and Payment Policy

LogicFast Talent Division — all internship programs. Please read this fully before you pay. Paying the fee and joining the internship means you have read and accepted the terms below.

Your questions, answered briefly

- 1. What does the fee cover?** Registration, onboarding, mentor guidance, project reviews and your completion certificate. See Section 1.
- 2. Is the fee refundable?** Yes, in full, if LogicFast cancels the batch or does not start it. There is no refund after the internship has started. See Section 3.
- 3. Real projects and a mentor?** Yes. You work on real projects under an assigned mentor. See Section 4.
- 4. Certificate and portfolio?** Yes. You receive a completion certificate on successful completion, and you may include your projects in your portfolio. See Section 5.
- 5. When do I pay?** Applying is free. You pay only after you are selected, using the payment details in your selection message. See Section 2.

About the internship

Program: LogicFast Internship — LogicFast Talent Division. **Mode and duration:** Fully remote / online — 12 weeks — 15–20 hours per week. **What you do:** Real project work in your program track, with mentor feedback at every step.

Registration fee

PKR 500, paid once, before the internship starts. **Start date:** Confirmed in writing for your batch before you pay, in the selection or onboarding message. Do not pay until you have received that confirmation.

1. What the PKR 500 registration fee covers

The registration fee is a one-time fee of **PKR 500**. It covers:

- Registration and confirmation of your seat in the batch
- Onboarding, including setup guidance and joining instructions
- Mentor guidance throughout the internship
- Reviews of the projects you submit
- Your completion certificate, if you complete the internship successfully

There is no separate charge for the items listed above. The fee does not buy a job, a stipend, or any guaranteed outcome — see Section 6.

2. How to pay

Applying is **free** — there is no payment at the application stage. Pay **PKR 500 once**, only after you are selected and before your internship starts.

Pay via **JazzCash or EasyPaisa to 0317 6654022**, using only the payment details shared with your selection message. LogicFast will not ask you to pay through any other details for this fee.

Keep your payment receipt or screenshot and share it as asked in the selection message, so your payment can be verified. Your seat is confirmed only after your payment is verified. You will receive a confirmation before the internship starts.

If anyone asks you for a different amount, or for payment to different details, in the name of this internship, do not pay and contact LogicFast through its official channels first.

3. Refund policy

Full refund: If LogicFast cancels the batch, or does not start the internship after you have paid, you will receive a full refund of PKR 500.

No refund after start: Once the internship has started, the registration fee is not refundable, including if you leave partway through.

How refunds are paid: An approved refund is returned through the same payment method you used, within 7 working days of the cancellation or non-start being confirmed. Keep your payment receipt — it is needed to process a refund.

4. Mentor and real projects

Yes. You will work under an **assigned mentor** on **real project work** in your program track — not only theory or practice exercises. Your mentor sets or approves your tasks, reviews your work, and gives feedback so you can improve it. You are expected to complete assigned tasks on time across the 15–20 hours per week, and to ask your mentor when you are stuck.

5. Certificate and portfolio

On **successful completion** of the internship, you will receive a **completion certificate** from LogicFast. Successful completion means finishing the assigned project work and meeting the requirements your mentor confirms at onboarding.

You **may include the projects you built in your portfolio**, and you may describe the work you did during the internship. If a project contains confidential client material, you may describe your role and show your own work, but you must not publish the client's confidential material itself.

6. What this internship does not include

This internship promises **learning and real experience only**. It does **not** promise a job, paid work, or a stipend, and no one at LogicFast is authorised to promise those on its behalf. Any future opportunity would be discussed separately, in writing, if it arises.

7. Agreement terms

Your work: The work you submit must be your own. Copying another person's work and presenting it as yours can end your internship.

Conduct: Communicate respectfully with your mentor and fellow interns, and follow the instructions given for your batch.

Attendance and effort: This is a remote internship of 15–20 hours per week, so your progress depends on completing tasks on time. If you stop participating without informing LogicFast, your seat and certificate eligibility may be withdrawn, and the fee remains non-refundable after the start date under Section 3.

Changes: If LogicFast needs to change a batch schedule, it will inform affected interns in writing. A change made by LogicFast does not remove your refund right in Section 3 if the batch is cancelled or does not start.

Questions before paying: If anything in this document is unclear, ask before you pay. Payment is taken as acceptance of these terms.

Acceptance

By paying the PKR 500 registration fee and joining the internship, you confirm that you have read this agreement and payment policy and that you accept its terms. No signature is required — payment after selection is your acceptance.

LogicFast — Internship Agreement and Payment Policy. Questions: see logicfast.co/internship-agreement or contact LogicFast through its official channels.
